

Roadside Assistance

When accidents happen, employees miss work.

It's 7:00 am and your phone rings. It's the fourth call from an employee with car trouble.

Roadside Assistance helps your employees get back on the road 24/7. It's a reliable resource for towing, dead batteries, lockouts, flat tires, and empty gas tanks—many of the reasons why your employees can't get to work.

Roadside Assistance to the rescue.

TOWING

If your employees' car needs to be towed, this service will cover up to 10 miles or \$50 per occurrence at no charge.

BATTERY

Roadside Assistance provides emergency battery service to jumpstart a dead battery, tighten or clean cables, or make minor adjustments to the alternator.

LOCKSMITH

Call Roadside Assistance to help with lost keys, broken keys, or accidental lock out.

Protect your employees today with ID Sanctuary Premium.
